This is the first column of a new, regular series of articles on Kiese Laymon's blog. Every Monday, I will post an article on a film that is particularly meaningful to me, or that has had an impact on me in some way. As you might have guessed by now this is not going to be your average movie review... but I hope you'll come back for it every week. The "Hate Story IV Full Movie Download In Hd 720p" would be the first article in this series. I'm excited about the opportunity to openly share my thoughts about these films because being honest with readers means being honest with myself. The Cinematic Apparatus I believe movies can create a powerful framework for understanding and interrogating the world. The movies we choose to watch, the way we talk about them, and the conversations we have with friends that take place around them can give us an insight into who we are as individuals and who we are collectively. So I believe that what really makes a film meaningful is not just its content but also its invitation to further reflection. Every film tells a story, whether it's a fictional tale of love, loss, triumph or defeat or it's a real-life story of tragedy or triumph. "Hate Story IV Full Movie Download In Hd 720p" is one such story. The Story Neha (Rani Mukerji) is a successful corporate executive, successful enough to be called "Queen Bee" at her company. She's also married to her best friend, Rohit (Ranvir Shorey), who has his own career to protect. One day Neha gets into an argument with the boss at work, Durga (Shriya Saran). She is extremely defensive and rude to Durga when she sees her in the elevator. The boss advises Neha to apologize but Neha refuses. It's clear that the boss doesn't like Neha but since there are no written rules of conduct at work she can't punish her for it. Neha's husband Rohit has a huge crush on Durga and can't stop fantasizing about how he could one day be with her. A little later Neha gets drunk at her friend's party and makes an extremely inappropriate comment about Durga to all of the guests. It's clear she regrets the words immediately after but it's too late, she has already made a fool of herself. She is relieved when Durga does not retaliate, hoping she will just let it go. Instead, Durga takes Neha into her office to tell her that she is "not mature enough" for this kind of behavior and that it will cause Neha to lose respect for herself in the eyes of other people at work. She advises the young woman to give her some time but also says that she is not interested in continuing to work under Neha. That night Rohit tells his wife that he wants to leave her because he fell in love with Durga, who has left for vacation in Europe. He says that they will go their separate ways after telling their friends and family about their decision. That is the story of "Hate Story IV Full Movie Download In Hd 720p". What I took away from it...
